1. “VM” Online Library

Throughout our long mentoring service, we as “VM” have gathered but also developed various documentation (including database of all major companies from all over the world) in order to better help our students. As many students have only basic understanding of the OBU RAP Program so we place all important links / documents on our “Online Library” section of the website and it is very helpful in understanding the overall program and its dynamics that has the ultimate goal of improving the quality of their RAP from its beginning to final submission.
