

Covid19: Mitigation

Advice for students and mentors

In light of the global COVID-19 pandemic and the disruption this has caused students, Oxford Brookes University has identified the following ways to support BSc Applied Accounting students.

P40 (May 2020) submission window has been extended by 2 weeks

The submission period will be extended by a period of 14 days beyond the normal submission period, to provide you with extra time to prepare your RAP submission in these exceptional circumstances. The submission window opens on 1 May 2020 and will now close on Wednesday 27 May 2020.

P40 Industry sectors continue for P41

As you know, each academic year we change the industry sectors for topic 8 and 15. We will issue new industry sectors for 2020/21 but the P40 industry sectors will remain valid for P41.

This means that if you are in the unfortunate position of not being able to complete your work for the extended P40 submission window, you will be able to submit in P41.

10 year rule

If P40 was your last opportunity to submit, under the 10 year rule, and you are unable to do so, then you will have an automatic extension to P41.

Mitigating circumstances

If there are circumstances that have affected you as an individual, it is possible to apply for mitigating circumstances by contacting acca@brookes.ac.uk

You must apply for mitigating circumstances prior to the submission window closing, and you will need to provide supporting evidence.
